

compassion

help us help them

Classic Realty Group and its Associates has helped people here in South Florida find their dream home for over a decade. **Now we just want to help.** For every new listing that we receive from now until the end of the year Classic Realty Group will donate \$200.00 to the Hurricane Relief Effort.

Help us help them. Not only will your property be represented by one of South Florida's top full service real estate firms; your listing will help those who desperately need it. All donations will be sent in your honor to the organization of your choice benefiting the victims of Hurricane Katrina.
